Meeting the donor

our impression

Priam is a one of a kind, handsome, and lovely individual to interract with. He is tall, with wonderous blueish green eyes, and a soft smile. He is smart and well educated, with a bachelors degree in history.
In fact, we love hearing about his travels and how they have shaped his well-rounded view of the world. Priam has visited Italy, England, France, and spent his last year of college studying abroad in Denmark, which was a very rewarding experience for him.
Though Priam enjoys common activities such as biking, skateboarding, and running, he is also very passionate about animal rights activism and hopes to one day own a buisness to where proceeds go to animal rights' organizations. Priam is also musically gifted. In his free time, he likes to create music and knows how to play the drums, bass, and piano. Priam is a compassionate, kindhearted, and empathetic human being and would be a wonderful donor choice for any family.
