# Handwritten message

My biggest joy in life is having the ability to lift those around me. I hope that your child will have the same passion for helping others that I do. I wish your family the best of luck on this journey!

# Meeting the donor

## our impression

Duarte is a full-time student and is studying Medical Radiology. He aspires to become a Radiation Therapist so that he can have the chance to help people with cancer which is a lifetime goal of his.

When he is not in school, Duarte enjoys the outdoors through rock climbing, hiking, working out, and spending quality time with his furry best friend, his corgi.

Duarte is of average height with a medium slender build. He has brown round eyes and black straight hair which he keeps styled with a side comb. He has a round face with a tan complexion, clear face, and nicely shaped full lips that reveal a dimple on his right side when he smiles. Duarte's passion is uplifting and helping people around him which is a reason he decided to join our donor program.

# In your own words

**Which words describe your personality and character?**

Optimistic, easygoing, funny, loyal, honest, and true.

**What is your most memorable childhood experience?**

My most memorable childhood experience is going to Disneyland for the first time with my family.

**To which countries have you traveled?**

Mexico, Costa Rica, France, England, Italy and Germany.

**Describe one of your favorite vacations to another country:**

Going to Costa Rica by myself and making lifelong friends while I was there.

**Describe a few of your strong sides:**

I am naturally athletic and energetic. Always have a positive attitude. Very personable and can talk to anyone with ease.

**Describe a few of your weak sides:**

I can become bored of things pretty easily. I procrastinate sometimes.

# Personal characteristics

**What is your native language?**

English

**What other languages do you speak?**

Both of my parents speak Spanish so I speak a little bit as well, however, I am not fluent.

**Math Skills/Ability:**

My math skills are good. I took precalculus in high school and passed with an A. However, it was never my favorite subject.

**Mechanical Skills:**

I have great eye hand/coordination and possess great dexterity.

**Athletic Skills:**

Played sports like soccer and basketball growing up. As an adult, I love rock climbing and hiking.

**What is your favorite sport?**

My favorite sport to play is basketball, but my favorite sport to watch is football.

**What are your Hobbies/Interests/Talents:**

I like rock climbing, yoga, videography, and making music.

**Describe your artistic ability:**

I love to express my artistic ability by creating music and creating videos.

**Do you like animals? If so, which is your favorite?**

I love animals. My favorite ones are bears, sloths and otters.

**To where would you like to travel and why?**

I would like to travel to Asia to experience a culture that is completely different than mine.

**How would you describe your personality?**

Extremely optimistic and easy to get along with. Able to talk to anybody and make them feel comfortable.

**What is your ultimate ambition or goal in life and how do you see yourself in twenty years?**

My ultimate goal is to help as many people as I can while I am here. That is why I am joining this program and also why I am in school for medical radiology. In 20 years, I see myself working as a radiation therapist helping people with cancer.

# Donor essay

## **Why do you want to be a donor?**

I want to help as many people as I can with my time here on this planet and I believe this is just one of many ways that I can do so.

## **Describe your relationship with your family. How has your family shaped your values and who you are today?**

My mother and father have been married for 35+ years and have been terrific parents to me and my sister. We have always remained very close and still talk to each other every day. My parents did a fantastic job raising my sister and I and it has formed us into the people we are today.

## **What makes you unique?**

I am full of a relentless optimism for life. I always find positive things to focus on, even during dark times. I am able to find joy in little things every day.

## **What are you most proud of and why?**

I am most proud of my journey through school, I plan to become a radiation therapist and help treat people with cancer. I want to help as many people as I can while I am here.
