Handwritten message

Dear Recipients,

I would like to congratulate you both on starting on growing your family. I am excited for the journey you will be embarking on. For the laughs and smiles you'll be sharing with each other, the lessons to be passed down, and the overall experiences you will create together as a family!

My own family has meant a lot for me to grow into the person I am today. My supportive giving me the opportunities that helped me grow, and my sisters giving me the guidance and care for me to establish my identity.

As the oldest sibling in my household I learned the importance of responsibility, gratitude, and generosity. As an adult I hope to assist and contribute to the lives of the people around me: My friends, peers, and those in my community. I hope that my small contribution is of help to you in building the life you wish to have together, and wish you the best of luck.

Sincerely,

Your Donor
