# Handwritten message

I wish the recipients the best in life and a happy & healthy kid that will bring out the best in you. I hope you grow alongside your child and give them a warm-loving family they can trust in. I understand this may not be the circumstances you wanted to have a child, but it will always only be yours nonetheless. I don't have kids of my own but I hope to be a great parent that raises my kid w/ half the ability my parents did. If your kid turns out anything like me, I'd like to think that they'll be alright.
