## Handwritten Message

I would mainly like to wish my recipient's a happy and healthy life. I have decided to donate not only to financially support me through college, but to also help others raise a family of their own. If my recipient's would ever like to meet me, I would be more than happy to do so.

# Meeting the donor

## our impression

Igor displays an outgoing personality and goal-oriented persona. He has thick, light blonde hair and stunning blue eyes, with a medium build and fair skin. He has a defined jaw line and bone structure, as well as a soft smile.

Igor is currently a full time prospective medical student and is interested in pursuing a career in nursing or radiology. He has a calm demeanor and is a big fan of reggae music.

Igor enjoys learning about religion and other cultures by reading, although his favorite activity is surfing. His biggest reason for joining our donor program is his passion for helping other families be able to raise their own. We love chatting with Igor and think he would be a great choice as a donor.
